

Ballardong Medical Pty Ltd Standard Operating Procedures

Ballardong Medical Pty Ltd is an Indigenous owned First Aid and Medical supplies company.

Ballardong Medical will be utilising Sanax Medical and First Aid for all logistics, warehousing and support services.

Ballardong Medical expects that Sanax Medical will utilise its ISO 9001 certified Quality Manual and existing experience to supply any scheduled medicines in accordance with its W.A. Wholesalers license as well as the W.A Medicines and Poisons Act and Regulations.

Sanax Medical will follow procedure(s) P4B for scheduled medicine supply and P4I for scheduled medicine picking and P4J for scheduled medicine delivery.

Ballardong Medical doesn't envisage opening wholesaler poison supplier accounts with any business other than Sanax Medical

As Ballardong Medical Pty Ltd will be using Sanax Medical for all support services, the knowledge, systems and infrastructure is in place for Ballardong Medical to conform to all Australian requirements of scheduled medicine supply.

Ballardong Medical Pty Ltd will be relying on 'Capital' Business Manager for managing customer information, purchasing and invoicing. All scheduled medicines purchases and sales will be able to be identified through our 'Capital' software system. All scheduled medicine supply will be in accordance with the conditions set out in the customers' poisons Permit or License.
